

# Brave Health

## OVERVIEW

Brave is a fully virtual behavioral health clinic. We focus on serving Medicaid members and members with complex needs. We offer outpatient care through live video to members anywhere in Florida.

## SERVICE OFFERINGS

### Mental Health Services

- 60-minute BPS assessment
- Individualized treatment plans
- Fast access to medication management (7 days)
- Individual therapy
- Specialized programs in MAT, DBT, and EMDR

### Transitions of Care

- Confirmed date and time appointment in under 7 days
- High touch outreach for confirmation and rescheduling
- Support with forms, technology, records coordination, and more

## ADMISSIONS INFO

- Patients must be oriented to time and place, and able to consent to their own treatment
- Patients must have access to a wifi enabled device with a camera
- Brave doesn't currently prescribe most controlled substances, but does split care with other rx'ing providers
- Brave doesn't currently offer detox services
